# Basic HACCP Training

For Meat & Poultry Processors

**November 10-11, 2021**

- **University of Wisconsin-Madison Meat Science & Animal Biologics Discovery Extension**
- **University of Wisconsin-Madison Department of Animal & Dairy Sciences**
- **Wisconsin Department of Agriculture, Trade & Consumer Protection**

The Basic HACCP training course will discuss the principles of HACCP, development of HACCP plans and programs, and implementation including new USDA, FSIS regulations. This program is consistent with the intent and scope of the USDA, FSIS regulation. This course is designed for individuals with little or no knowledge of HACCP and those who would like a refresher on HACCP to learn about recent regulatory changes and developments. This course will include topic presentations and working groups for a hands-on opportunity to develop HACCP program components. This course satisfies the training requirement specified in the 1996 Pathogen Reduction/ HACCP regulation.
