

SMALL RUMINANT

WEBINARS

2024 SPEAKER LINEUP

JANUARY 24 @ 7:30 PM CST

Abortion and Respiratory Disease in Sheep and Goats

Maggie Highland, DVM, PhD, DACVP

This informational session will focus on two disease entities that negatively impact domestic sheep and goats: pneumonia and abortion.

FEBRUARY 21 @ 7:30 PM CST

Lamb and Kid Care – the First 72 Hours

Roselle Busch, DVM

Up to 50% of all pre-weaning lamb and kid deaths occur in the first 24 hours after birth. This webinar will cover the common presentations for sick kids and lambs within the first few days of life and practical methods to increase the likelihood of a positive outcome.

MARCH 27 @ 7:30 PM CDT

National Sheep Improvement Plan

Rusty Burgett - NSIP

Improving flock performance through the use of technology and genetics will be covered by Rusty Burgett, National Sheep Improvement Program (NSIP) Program Director.

APRIL 24 @ 7:30 PM CDT

Feeding your Flock's Genetic Potential with Proper Nutritional Management - Dr. Andrew Weaver

The webinar will cover the basics of nutritional supply and demand; examples will be provided to walk through the process of determining if nutritional demands of the flock and potential corrective actions. Grazing practices will also be discussed to lower input costs while meeting animal nutritional needs.
